

Requesting to fill up required investment & WOD coverage

Dear Business partner.
Please accept warm greetings from "realme".
We hope you are doing well & enjoying business with us.

You will be very glad to know that "realme" is enjoying a healthy growth month on month & we are confident to continue this happy journey in coming months too. We always believe to grow together with all partners.

Investment & coverage are key to this very important drive. As per last communication and "realme" standard each partner need to ensure strong investment, minimum 80% of own monthly sales. But we are experiencing a lack in investment from your end – hence not getting expected result from your market. Also model wise WOD coverage is a big concern in you market.

You are highly requested to you fill up your investment gap and achieve WOD coverage within 10th February'2021. This standard need to maintain long. We always get positive response & high cooperation from you & strongly believe to make our business healthy.

Thanks in advance for your cooperation.

Sincerely

Md. Muzahidul Islam
Head of Sales
